

Student Engagement Survey Feedback Questionnaire for Educators and Administrators

Greetings Educator,

The North Dakota Department of Public Instruction recently completed the Fall 2019 administration of Cognia's™ Student Engagement Survey (SES) and has created a questionnaire to provide a voice to those who assisted in the administration of this year's SES. You've been invited to participate in this questionnaire to provide direct feedback based on your experience. Also, please forward this email to all school personnel who aided in the administration of this year's SES.

Your assistance will contribute to addressing concerns around administration of the SES and understand opportunities to improve the process for school personnel and your students. Submissions are anonymous and should take about 5-10 minutes to complete.

You will see this survey, created by NDDPI personnel, listed in your Cognia eProve platform. *However, to begin the survey, please only click the below link instead of accessing through your eProve platform (you can also copy and paste this entire link in your web browser):*

<https://eprovesurveys.advanc-ed.org/surveys/#/action/125279/40473/1/40473>

The questions are derived from educator feedback received during listening sessions at the recent Cognia Connections Conference and Fall Educators' Conference. The survey will stay open until January 10, 2020.

Technical Assistance

If you have technical questions or require assistance with the survey, please contact eprove@cognia.org.

For questions about the nature of the survey or policy questions, please contact Joe Kolosky, Director, Office of School Approval and Opportunity at jkolosky@nd.gov or (701) 328-2755.
