

## Student Engagement Survey Opens January 18!

The 2020-2021 Student Engagement Survey (SES) window **opens January 18 and closes February 19**. Schools should be able to download the student rosters, originally provided to Cognia on December 1, from the site **now**. The State will begin sending nightly roster updates to Cognia starting January 18 through the end of the survey window.

During this year's survey, schools can get support directly from Cognia, via their online North Dakota Partnership help [website](#) or their customer support number, 1 (888) 413-3669. When accessing the North Dakota Partnership page, make sure to click the 'Student Engagement Survey' tab:

Additional Resources can be found here:

- [Survey Administration Guide](#)
- [Survey Reading Level Analysis](#)
- [Sample Script for Survey Administration](#)

This year, our goal is 95% student survey participation rate to help ensure the results best represent the school. Schools will only receive accountability points for 'committed engagement' and will not be penalized if they do not reach the 95% participation goal.
